WillYouLoveHim.org Biblical Calendar

Roman Years: 2019-2020

Real Year Since Creation: Unknown

About This Calendar

This calendar is an original work created and published through WillYouLoveHim.org Ministries. It may be re-distributed for free to benefit others, but should not be sold. The goal of this calendar is to help you follow our Creator's originally designed calendar and also understand the Biblical events that have taken place on various days throughout the year.

If you see a month appearing twice in this calendar starting on two different days of the week, that means the expected day to see the New Moon in the USA is uncertain and could go either way. For any months with two possible start days where we can't be sure when the moon will be sighted, we have to wait until the night the New Moon is searched for to determine what the outcome will be. The expected USA New Moon sightings for other months appears fairly certain which is why we only include them one time with one starting day and not twice. However for ALL MONTHS of the year we MUST actually have witnesses sight the New Moon (which means, technically, we don't know 100% for certain about any month UNTIL the New Moon is sighted). This calendar does not take into consideration sightings in Yisra'el because we believe witnesses in the USA should be accepted also. If you go by sightings out of Yisra'el only, please be aware these dates may not match the visual sightings in Yisra'el. We currently do not know anyone personally in Yisra'el to take sighting reports from either who shares the same convictions regarding not using binoculars and we only take reports of New Moon sightings from people we know because we have to make sure they follow the same standards as us.

There is sufficient Scriptural evidence that the first month of the Biblical year has to be early enough to permit the barley harvest to begin as early as possible to not lose crops since it could not be harvested until the wave sheaf offering in Leviticus 23:11 occurred (see Exo. 9:31-32, Lev. 2:14, Lev. 23:10-14, Deut. 16:1, Deut. 16:9). We believe there is sufficient Scriptural evidence to show the Harvest itself is how we start the Biblical year. By observing the barley development, we believe the timing for the first month will match what they did anciently. We do not see any Scriptural evidence that it is required the equinox happen before the first month begins. Please see our Biblical Calendar study for details on our views and why. Also, unharvested barley would be ruined if left on the stalk 2-4 weeks after it has matured. Based upon Deuteronomy 16:9-10 and Leviticus 23:14, it appears barley could not be harvested until the wave sheaf was presented. We believe, therefore, that the month of HaAviv would have had to occur when the barley was in the stage of Aviv because by 4 weeks later the first-fruits and many barley fields would have been ruined.

At the time of creating this calendar, the beginning of the year and months within the year is only an estimate to the best of our ability. If we find out any of the estimates for the start of the year or start of a month are incorrect, we plan to remove any incorrect calendar from the website and upload a corrected copy. However, the only way you would know about such a correction is by re-visiting the website and looking at a later time to see if the calendar has changed, or by contacting us using the contact information found on our website. If you are a brother or sister in prison receiving this calendar, as long as you are on our mailing list you should (normally) receive a jPay email if we find out any of the estimated dates in this calendar are wrong. Pray that if we or this calendar is in error in any way that it be revealed to us. We hope you are blessed by this!
